3. 헤드셋 전원을 켭니다
4. 헤드셋과 USB 무선 트랜스미터가 페어링될 때까지 기다립니다

CROSSPLAY WIRELESS SYSTEM | SYSTÈME SANS-FIL CROSSPLAY

The CrossPlay Wireless System allows you to wirelessly switch between two platforms by pressing the CrossPlay Switch button on the headset.

Note: Both wireless transmitters must be connected and powered on to allow switching. Switching transmitters will not automatically power on the source platform.

Le système sans-fil CrossPlay vous permet de passer sans fil d'une plateforme à l'autre en appuyant sur le bouton CrossPlay du casque.

Remarque : les deux émetteurs sans-fil doivent être connectés et sous tension pour permettre la commutation. Le fait de changer d'émetteur n'alumera pas automatiquement la plateforme source.

Press the CrossPlay switch button on the headset to switch between the two wireless transmitters.

Appuyez sur le bouton CrossPlay de l'oreillette pour basculer entre les deux wireless transmitters.

Transmitter Status	Statut de l'émetteur	LED Color	Couleur de la DEL
Paired (Active)	Appairé (actif)	Green	Vert
Paired (Stand-by)	Appairé (veille)	Amber	Orange
Mic is Muted	Micro désactivé	Red	Rouge

To remove the ear pad and access the regulatory label:
Pour changer les coussinets et accéder à la notice réglementaire :

1. **Remove the left ear pad by pulling the ear pad straight up using your thumb.**
   1. Retirez le coussinet gauche en le tirant vers le haut à l'aide de votre pouce.

2. **Once you've released the cloth from the lip on top, pull the ear pad straight back and it should slip right off.**
   2. Une fois le haut du tissu dégagé, tirez le coussinet vers vous pour le retirer facilement.

To replace the ear pad, follow the same process in reverse.
Pour remettre le coussinet en place, veuillez suivre la procédure inverse.

Regulatory Compliance Statements for the STEALTH 700 GEN 3
(Wireless Gaming Headset — Headset Model: HWBB0006 & Dongle Model: HWAA0010)

Federal Communications Commission (FCC) Compliance Notices
Class B Interference Statement
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15, Subpart B of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution:
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This product is compliant with the Consumer Product Safety Improvement Act of 2008, Public Law 110–314 (CPSIA)

FCC RF Radiation Exposure Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not co-located or operating in conjunction with any other antenna or transmitter.

CANADA-statement
This device complies with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions :
(1) This device may not cause interference; and
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada exempt(s) de licence(s) applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) l'appareil ne doit pas produire de brouillage ;
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Radiation Exposure Statement:
The product complies with Canada portable RF exposure limits set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

Le produit est conforme aux limites d'exposition pour les appareils portables RF pour les États-Unis et le Canada établies pour un environnement non contrôlé. Le produit est sûr pour un fonctionnement tel que décrit dans ce manuel. La réduction aux exposition RF peut être augmentée si l'appareil peut être conservé aussi loin que possible du corps de l'utilisateur ou que le dispositif est réglé sur la puissance de sortie la plus faible si une telle fonction est disponible.

Battery Caution:
- Do not disassemble, impact, squeeze or throw into fire;
- Do not continue to use if severe swelling;
- Do not place in a high temperature environment;
- Do not use after the battery is flooded;
- Do not use any charger other then that specifically provided for use with the equipment;
- Dispose of used batteries according to the instructions.

Radio frequency: 2400MHz
Operating frequency: 2400–2483.5MHz
Max. Output power: 4 dBm

This symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste for recycling, please contact your local authority, or where you purchased your product.

Turtle Beach Europe Ltd is obligated as a producer with a main activity of selling under The Producer Responsibility Obligations (Packaging Waste) Regulations 2007. To fulfill our obligation we are registered with Comply Direct and their Recycling Room. Here you will find advice and information on packaging waste management, recycling symbols and the waste hierarchy principles of reduce, reuse and recycle. https://www.complydirect.com/the-recycling-room/ For instructions in other languages, please visit http://www.turtlebeach.com/homologation

BLUETOOTH® SETUP | CONFIGURATION BLUETOOTH®

Bluetooth® pairing:
The Stealth 700 will enter Bluetooth® pairing mode when first powered on. If no Bluetooth® connection is made within two minutes, pairing mode will stop.

To manually enable Bluetooth® pairing mode at any time:
1. Press and hold the Bluetooth® multi-function button (MFB) until the "Pairing Bluetooth" voice prompt plays.
2. After placing your headset in pairing mode, select the headset from within your device's Bluetooth® settings menu to connect.
3. The Bluetooth® MFB is used to answer and end calls as well as media playback control when connected to a compatible mobile phone.

Answering and ending phone calls:
When the headset is connected using the USB wireless transmitter in the default 2.4GHz Wireless mode, incoming calls can be answered by single pressing the Bluetooth® MFB. The headset will switch back to 2.4GHz Wireless mode when the call is ended by single pressing the Bluetooth® MFB again or using your mobile phone to end the call.

Appairage Bluetooth® :
Le Stealth 700 entrera en mode d'appairage Bluetooth® lorsqu'il sera allumé. Si aucune connexion Bluetooth® n'est effectuée dans les deux minutes, le mode appairage se désactive.

Activation du mode d'appairage Bluetooth® :
1. Appuyez sur le bouton multifonction Bluetooth® (MFB) et maintenez-le enfoncé jusqu'à ce que vous entendiez le message vocal „Pairing Bluetooth".
2. Après avoir placé votre casque en mode d'appairage, sélectionnez-le dans le menu des paramètres Bluetooth® de votre appareil pour vous connecter.
3. Le bouton MFB Bluetooth® est utilisé pour répondre et mettre fin aux appels ainsi que pour contrôler la lecture des médias lorsqu'il est connecté à un téléphone portable compatible.

Gérer un appel téléphonique
Lorsque le casque est connecté à l'aide de l'émetteur sans-fil USB en mode sans fil 2,4 GHz par défaut, il est possible de répondre aux appels entrants en appuyant simplement sur le bouton MFB Bluetooth®. Le casque repasse automatiquement en mode sans-fil 2,4 GHz lorsque l'appel est terminé en appuyant à nouveau sur le bouton MFB.
